

Accessing the resources

Our organisation is a partner of Research in Practice. This means you have access to diverse resources designed to help develop, expand and maintain your knowledge on a wide range of topics. They offer complementary ways to engage and learn as well as providing opportunity to reflect on and evaluate your learning, practice and the impact this has for you and the people you support – whatever your role or level of experience. [Click here](#) to set up your account using your work email address and access the resources or [sign in here](#) if you already have one.
